

Assignment

You are required to prepare an SRS for a **University Management System (UMS)** that will automate major academic and administrative activities in a university. The system should support students, faculty members, administrative staff, and system administrators.

Your SRS must follow the standard structure used in Software Engineering [Pressman].

Submission:

1. Assignment must be handwritten and use pencil for drawing diagrams.
2. Don't copy from others.
3. Deadline: Submit on 10th June 26.

If you have any questions or confusion, let me know.
